**Imaging Specialists of Charleston Receives American College of Radiology
Mammography Accreditation**

Mount Pleasant, SC Imaging Specialists of Charleston has been awarded a three-year term of accreditation in Mammography by the American College of Radiology (ACR).

The ACR awards accreditation to facilities for the achievement of high practice standards after a rigorous peer-review process. Conducted by board-certified physicians and medical physicists who are experts in the field of Radiology, the review evaluates staff qualifications, equipment, quality control, quality assurance, image quality, and radiation dose. Accreditation by the ACR demonstrates a commitment to quality care and patient safety.

The ACR is a national organization serving more than 32,000 diagnostic and interventional radiologists, radiation oncologists, and nuclear medicine and medical physicists with programs focusing on the practice of medical imaging and radiation oncology and the delivery of comprehensive health care services. Developed in 1987 by the ACR Task Force on Breast Cancer, The American College of Radiology's Mammography Accreditation Program is the country's first and the largest for mammography.

FOR IMMEDIATE RELEASE
