

COVID-19 Coronavirus

With the World Health Organization (WHO) declaring COVID-19 a global pandemic, Imaging Specialists of Charleston, (ISC) is taking precautionary measures and will continue to follow updates from the WHO and Centers for Disease Control and Prevention (CDC).

For patient and employee health, ISC has the following precautionary measures:

- Anyone experiencing symptoms of COVID-19 (fever, cough, shortness of breath, upper respiratory issues) should go to their nearest Emergency Room for their examination.
- Any asymptomatic patient (temperature below 100 degrees F or mild symptoms listed above) with non-emergent exams, are recommended to stay at home and reschedule their exam.

ISC employees will continue to protect and care for our patients, along with cleaning and disinfecting our patient-care areas. We will continue to monitor updates from local, national and global agencies.

Thanks much.

C. Chad Wiggins

Chief Executive Officer

Imaging Specialists of Charleston
